Stanley Hupfield Academy at Western Village
Oklahoma City, Oklahoma

Dear Stanley Hupfield Academy at Western Village:

Congratulations on your 2016 *Let's Move!* Active Schools National Award! I'm thrilled to commend your school's outstanding work and leadership in the areas of physical education and physical activity.

We know that when young people are active, they perform better in school, show increased focus, and demonstrate higher confidence. That is why we launched *Let's Move!* Active Schools to make it easier for communities across the country to cultivate learning environments where all students participate in at least 60 minutes of physical activity before, during and after school each day and practice healthy habits that will last a lifetime.

As a *Let's Move!* Active Schools National Award recipient, your school is championing efforts to ensure 60 minutes of physical activity a day is the norm in every student's educational experience. I commend your commitment to health and wellness and challenge you to keep prioritizing physical education and physical activity for your entire school community.

Again, congratulations! I hope you take great pride in this tremendous accomplishment. Thank you again for your continued efforts, and I wish you the very best.

Sincerely,
